We recently received a notice of price increase to the above listed product types and services. As a consequence of these new increased costs, Wolters will unfortunately have no option but to increase prices as per above. These will take effect from the **17th of June 2019** for all supply (pickups and deliveries).

Whilst Wolters have kept delivery prices at a similar level for many years, we have recently also reviewed all costs related to this service area and there will be some increases to delivery areas, whilst we try to maintain the most competitive pricing to others.

Wolters thanks you for your valued business and we look forward to continuing and growing our business together in the future.

Yours faithfully,

Eiji Fujihara
